1 Section 1. Subdivision (5) of section 4-250 of the general statutes is
2 repealed and the following is substituted in lieu thereof (*Effective October*
3 *1, 2026*):

4 (5) "Large state contract" means an agreement or a combination or
5 series of agreements between a state agency or a quasi-public agency
6 and a person, firm or corporation, having a total value of more than five
7 hundred thousand dollars in a calendar or fiscal year, for (A) a project
8 for the construction, alteration or repair of any public building or public
9 work, (B) services, including, but not limited to, consulting and
10 professional services, (C) the procurement of supplies, materials or

13 between a state agency or a quasi-public agency and a political

14 subdivision of the state;

15 Sec. 2. Subsection (b) of section 4b-24b of the 2026 supplement to the
16 general statutes is repealed and the following is substituted in lieu
17 thereof (*Effective October 1, 2026*):

18 (b) The commissioner may designate projects to be accomplished on
19 a total cost basis for (1) new facilities to provide for the substantial space
20 needs of a requesting agency, (2) the installation of mechanical or
21 electrical equipment systems in existing state facilities, or (3) the
22 demolition of any state facility that the commissioner is authorized to
23 demolish under the general statutes. If the commissioner designates a
24 project as a designated total cost basis project, the commissioner may
25 enter into a single contract with a private developer which may include
26 such project elements as site acquisition, architectural design and
27 construction. The commissioner shall select a private developer from
28 among the developers who are selected and recommended by the award
29 panels established in this subdivision. All contracts for such designated
30 projects shall be based on competitive proposals received by the
31 commissioner, who shall give notice of such project, and specifications
32 for the project, by posting notice on the State Contracting Portal. No
33 contract which includes the construction, reconstruction, alteration,
34 remodeling, repair or demolition of any public building for work by the
35 state for which the total cost is estimated to be more than five hundred
36 thousand dollars may be awarded to a person who is not prequalified
37 for the work, in accordance with the provisions of section 4a-100. The

42 product on a date certain, the maximum cost of the project and, as a
43 separate item, the cost of site acquisition, if applicable. No such contract
44 may be entered into by the commissioner without the prior approval of
