File No. 286

February Session, 2026

Substitute Senate Bill No. 229

Senate, April 1, 2026

The Committee on General Law reported through SEN. MARONEY of the 14th Dist., Chairperson of the Committee on the part of the Senate, that the substitute bill ought to pass.

AN ACT CONCERNING LEGISLATIVE PROPOSALS OF THE CONNECTICUT LOTTERY CORPORATION.

Be it enacted by the Senate and House of Representatives in General Assembly convened:

1 Section 1. (NEW) (*Effective from passage*) (a) As used in this section, (1)
2 "electronic wagering platform", "fantasy contest", "lottery draw game"
3 and "online gaming operator" have the same meanings as provided in
4 section 12-850 of the general statutes, and (2) "keno" has the same
5 meaning as provided in section 12-801 of the general statutes.

6 (b) Each electronic wagering platform that exclusively provides (1)
7 fantasy contests, or (2) the sale of tickets for lottery draw games and
8 keno through the Internet, an online service or a mobile application shall
9 employ a geolocation system that, at a minimum, has the capacity to:

10 (A) (i) Detect the location of a patron's device notwithstanding the
11 use of a proxy server or virtual private network, or (ii) prohibit
12 participation of a patron utilizing a proxy server or virtual private
13 network;

14 (B) Using industry standard technologies approved by the
 15 Department of Consumer Protection, (i) check the location of a patron's
 16 device whenever such patron submits an entry fee for a fantasy contest
 17 or purchases a lottery draw game or keno ticket, and (ii) prohibit a
 18 patron from submitting such entry fee or making such purchase
 19 whenever the location of the patron's device is unable to be determined;

20 (C) Provide a pop-up notification to a patron whenever the patron is
 21 attempting to submit an entry fee for a fantasy contest or purchase a
 22 lottery draw game or keno ticket when the location of the patron's
 23 device is unable to be determined; and

24 (D) Notify the online gaming operator and the patron if the patron's
 25 account is being accessed from geographically inconsistent locations,
 26 including, but not limited to, multiple locations among which a patron
 27 could not travel between each initiation of such entry fee payment or
 28 purchase of a lottery draw game or keno ticket.

This act shall take effect as follows and shall amend the following sections:		
Section 1	<i>from passage</i>	New section

Statement of Legislative Commissioners:

In Subsections (b)(2)(B) and (b)(2)(C), three instances of "when" were changed to "whenever" for clarity.

OLR Bill Analysis**sSB 229*****AN ACT CONCERNING LEGISLATIVE PROPOSALS OF THE CONNECTICUT LOTTERY CORPORATION.*****SUMMARY**

This bill adds a number of requirements for the geolocation system of electronic wagering platforms that are exclusively used for:

1. fantasy contests, which the Mashantucket Pequot and Mohegan tribes and Connecticut Lottery Corporation (CLC) may operate or
2. selling lottery draw game tickets or keno on the Internet or through a mobile application, which the CLC may operate.

Under the bill, the geolocation system must:

1. prohibit patrons from using proxy servers or virtual private networks (VPN);
2. detect a patron's device's location even if it uses a proxy server or VPN;
3. use Department of Consumer Protection-approved industry standard technologies that (a) check a device's location when it is used to submit a fantasy contest entry fee or purchase lottery or keno tickets and (b) prohibit paying entry fees and making purchases when the location is undetermined;
4. notify patrons with a pop-up if at the time of attempting to submit payment or make a purchase the device's location is undetermined; and
5. notify the online gaming operator and patron if the patron's

account is accessed from geographically inconsistent locations, for example, from multiple locations between which the patron could not travel in the amount of time between instances of using the account to make payments or purchases.

EFFECTIVE DATE: Upon passage

BACKGROUND

Electronic Wagering Platform

By law, an electronic wagering platform is the hardware, software, and data networks that manage and control online casino gaming, online sports wagering, fantasy contests, and lottery draw game ticket and keno sales on the Internet or a mobile application, or retail sports wagering.

Among other things, the platforms must verify a patron's age and that the patron is physically present in the state.

Online Gaming Operator

By law, an "online gaming operator" is a person or business that operates an electronic wagering platform and contracts directly with a master wagering licensee (one of the tribes or CLC) to offer (1) one or more Internet games or (2) retail sports wagering.
